Backline

LOVESONG / FIRST WAVE will travelling with their own backline equipment, microphones, DI boxes, and stands

Video Projection

If in-house LED wall/video projector w/screen are available, we'll provide HDMI output from Stage R position to play synched video with set.

Otherwise, we'll use our own 4 x 55" video monitors.

We have converters and 25' HDMI cabling to get from Stage R to your projector/screen tie-in.

We can also provide Cat 6 extender boxes & cabling, if advanced.

Monitor mixes

BAND will providing their own IEM

LOVESONG PRODUCTION RIDER
